

Message from the CEO

Dear colleagues, partners, and friends of COPAG,

As we close the year 2023, it is with great satisfaction and gratitude that I share my reflections on the challenges and achievements that have marked this period.

2023 was undoubtedly a challenging year, comparable to an exciting card game. Just like in a game of cards, we faced moments where it was necessary to bet high, calculate risks, and sometimes bluff with innovative strategies. With each decision, we glimpsed opportunities for growth and improvement, revealing the resilience that characterizes the essence of COPAG.

In our journey, just like in a game of cards, we learned that success requires skill, planning, and a bit of luck. It's not just about the cards we're dealt, but how we play them. Faced with adversities, we played the right cards, showing that true victory lies in the ability to adapt and overcome challenges.

Like a well-shuffled deck of cards, our team came together harmoniously and effectively. Each collaborator plays their role like a unique card in a complex game, contributing to COPAG's collective success. Together, we form a unique and powerful

combination, strengthening our position in the market.

It's important to highlight that, at times, we faced situations that seemed like a rigged card game. However, we relied on our resilience, strategy, and adaptability to turn the game around. We won not only by the strength of our cards but by the mastery with which we played them.

Each challenge overcome represents a turned card, revealing new possibilities and achievements. We celebrate not only tangible victories but also the lessons learned in each momentary defeat. After all, it is in the most challenging moments that we find opportunities for growth and evolution.

As we look to the future, I realize that our journey is ongoing, much like a game that never ends. We are ready for new challenges, to shuffle the cards again, and to continue building a legacy of success and innovation.

COPAG Board of Directors Team

I thank each member of the team, partner, and collaborator who contributed to COPAG's success in 2023. Together, we will continue to play the game of excellence, innovation, and success.

May 2024 bring us even more promising cards, and may we play them with mastery, strategy, and passion.

With gratitude,

Ana Carolina Corte Real Gonçalves
CEO

Message to the Reader

Dear Reader,

It is with great pleasure that we present to you the 2023 Social Balance of COPAG da Amazônia S.A. In this document, we share not only numbers but impactful stories and commitments that shaped our year.

For those who are not yet familiar with us, COPAG da Amazônia S.A. is more than a company; we are a family dedicated to providing exceptional products and services. Rooted in the rich biodiversity of the Amazon, we seek to go beyond business, making positive contributions to the communities and the environment around us.

Throughout the year 2023, we have been committed to promoting social responsibility in all our activities. From initiatives focused on education to actions for sustainable development, every step has been guided by the commitment to leave a lasting positive impact.

Over the past twelve months, we have actively engaged in activities aimed at enhancing our relationship with customers, our employees, and the quality of life in the communities where we operate. From educational programs to health initiatives, each action reflects our commitment to building a more sustainable and inclusive future.

This Social Balance is more than a report; it is an invitation to get to know closely the stories we have built alongside our employees, partners, and local communities.

Every project, every initiative, is a chapter in the book of our social journey, and we want you to be part of this narrative.

We thank you for your interest and continuous support to COPAG da Amazônia S.A. Together, we will continue to tread the path of social responsibility, always seeking new ways to contribute to a fairer and more sustainable world.
